

FLAIR SIDE

Frame Construction:

Flair chairs feature hardwood frames, double-doweled or tenoned, corner blocked, glued and screwed for maximum strength. A tough Eurolux finish aids in resisting dents and scratches.

Seat Construction:

Seat features polypropylene seat webbing and polyurethane foam for long-lasting support and comfort.

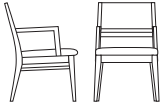

Back Construction:

Back features a solid hardwood back. The optional upholstery treatments for the inside back include the half-back or full-back upholstered panels with polyurethane foam. The upholstered back insert features an insert frame and polyurethane foam with springtex light-weave fabric over the frame for foam support.

GO:

Ⓜ seating items deliver on or before 12 business days and are available in all finishes. See pages 342-343 for fabric and leather selections. When ordering GO items, be sure to designate these items with a GO in front of the model number.
