

**Veneer:**

Bookmatched cherry, walnut, and maple veneers. Quartered walnut and oak veneers.

**Primary Worksurface:**

Worksurfaces are 1.1875" thick. Durable scratch-resistant matte finish on all units. Optional high pressure laminate tops available.

**Drawer Pull:**

Five drawer pull designs in black and satin nickel.

**Wire Management:**

Wire management is standard in returns, bridge units, credenzas, corner units and hutch units. Wire management options available on desk tops.

**Drawers:**

Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

Optional hardwood drawer interiors are available at an upcharge. Please contact Customer Service for price quote. To order, specify each item:

**MOD - wood drawer interiors (HWD)**

**File Drawers:**

File drawers have full extension, progressive action slides with steel ball bearing suspensions. All file drawers accommodate letter or legal filing. Filing hardware is coated to prevent corrosion.

**Locking:**

Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

**Go:**

Vegas GO items are scheduled to be delivered on or before 12 business days and are available with (EF) Square, (H1X) 1" Flat Knife, and (H1Y) 2" Flat Knife edges, all hardware, straight grain veneers only, wood doors only, and in all cherry veneers. (MV), (MP), and (MQ) base options only are available on GO. Finished back option not available on GO. (GP) Half Diamond modesty option not available on GO. Standard grommets only are available on GO. When ordering GO items, be sure to designate these items with a GO in front of the model number.

**Filing:**

See page 175 for diagrams of all Vegas filing capabilities.

## How to order U's and L's:

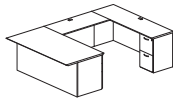

You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

### U's:

To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

### L's:

To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.

**Example of a Right U**  
72" x 108" x 30"

### Desk:

- Straight front modesty panel
- 2 box drawers
- 1 file drawer (letter or legal)
- Locking pedestal
- 11" overhang
- Adjustable levelers
- Optional center drawer (see p. 123)

## How to order L's and U's:

You can build a multitude of L's and U's by simply specifying the components needed, such as workwall knife table, cockpit desk or cockpit bullet table, workwall knife table bridges, workwall/cockpit returns, standard credenzas, and modular components. We offer these components individually so specifiers can select the exact shape and size needed.

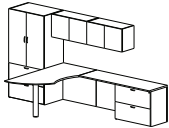

## L's:

Workwall knife table, cockpit desks and cockpit bullet tables connect to Workwall/cockpit returns. Right L's require a left desk or table with right pedestal return. Left L's require a right desk or table with a left pedestal return. Modular cabinet tops with flat ends can also be used as a return top with workwall knife tables and cockpit desks and cockpit bullet tables.

## U's:

Workwall knife table connects to workwall knife table bridge and standard or modular credenza to build a U unit. Modular return tops with one flat end and one shaped end can also be used as a bridge top with workwall knife tables. Flat end connects to workwall knife table.

Cockpit desks and cockpit bullet tables connect to cockpit corner units and cockpit returns to build a U unit.
